

The LED flashing light

- Elegant design and top-quality materials make up a flashing light that provides much more than just a light warning.
- Long-lasting and low consumption. Its energy efficiency is the result of its low consumption (1W - 120 V AC / 2W - 230 V AC / 2 W - 24 V AC - DC).
- A wall-mounting support solves any installation issues.

Dimensions (mm)

Technical features

MODELS	KLED	KLED24
Protection rating (IP)	54	54
Power supply (V)	120 - 230 AC 50/60 Hz	24 AC 50/60 Hz - 24 DC
Power (W)	2 (230 V AC) 1 (120 V AC)	2
Operating temperature (°C)	-20 ÷ +55	-20 ÷ +55
Material	ABS - POLYCARBONATE	ABS - POLYCARBONATE

● 230 - 120 V AC ● 24 V AC - DC

Code Description

120 - 230 V AC flashing light

001**KLED** LED flashing light.

24 V AC - DC flashing light

001**KLED24** LED flashing light.

Accessory for: 001KLED - 001KLED24

001**KIAROS** Wall-fixing support.

433.92 MHz antenna

001**TOP-A433N** Antenna.

868.35 MHz antenna

001**TOP-A862N** Antenna.

Accessory for: 001TOP-A433N - 001TOP-A862N

001**TOP-RG58** Antenna cable.
